Single AngleMAX[®] Rod Holder

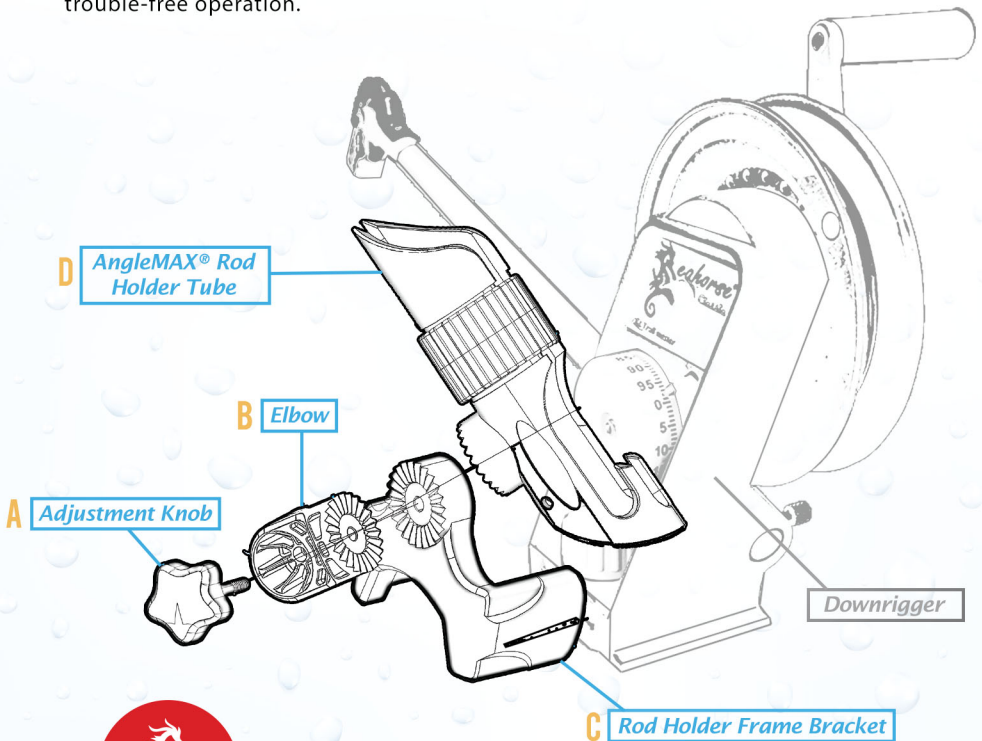

THANK YOU,

We hope you enjoy this product!

We at Troll-master thank you for purchasing our product!

Seahorse® AngleMAX® Downrigger Rod Holders easily attach to all manual down rigger models. We designed our AngleMAX® Rod Holders with anglers in mind! AngleMAX® Rod Holders are optimized to work with fly reels, spinning, casting and larger conventional reels of all types and sizes. The Rotating Locking Ring ensures an up-right position of the fishing reel, enhanced security and peace of mind.

This versatile design provides dual axis adjustment capabilities allowing anglers to keep any rod in a handy yet secure position while downrigger trolling. The rod holder attachment is made out of corrosion-resistant materials that ensure durability, long life and trouble-free operation.

PARTS INCLUDE:

A

**Rod Holder
Adjustment Knob**

DSS-S72123

B

**Rod Holder
Elbow**

DSP-S72122

C

**Rod Holder
Frame Bracket**

DSP-S72121

D

**AngleMAX® Rod
Holder Tube**

MSP-S02204

ASSEMBLY

- 1 Slide the **Mounting Bracket (C on the diagram)** over the frame of the down rigger and align the mounting holes. Use the stainless machine screws (provided) to securely attach the bracket to the frame. Please do not over torque the screws - this can cause damage to the frame or the bracket.
- 2 Securely attach the **Rod Holder Elbow (B on the diagram)** to the Mounting Bracket with the **Rod Holder Adjustment Knob (A on the diagram)**. Please do not over torque the Adjustment knob - this can cause damage to the Mounting Bracket.
- 3 Use the adjustment screw inside the **AngleMAX® tube (D on the diagram)** to set the desired angle for the rod holder horizontally. Use the **Adjustment knob (A on the diagram)** to set the desired angle of the rod holder vertically.

Improving your fishing experience!

MISSION

Troll-Master Inc. is committed to improve the fishing experience for all anglers. We do so by introducing new products and constantly improving existing ones. Our goal is to deliver a great product at a competitive price while maintaining the highest quality standards!

TEAM

Our people are the greatest asset of our company! It is because of their dedication, professionalism and passion we are successful today. Our team consists of Designers, Engineers, Manufacturing experts, Information Technology professionals and Legendary Fisherman. Our Research and Development works in conjunction with real customers across the country utilizing hands on experience and cutting edge technology to design our products.

PRODUCTS

All our products come with a 10 year manufacturer's warranty. There is no fine print, no exclusions and no limitations. We will always stand behind our products and will gladly provide Customer Service and Technical Support to our customers. We are confident in the quality of the products, functional design and the materials used to produce them.

WARRANTY

Troll-master Inc. warrants to the original purchaser any defect in material or workmanship for the period of 10 years since the date of the original retail purchase. Troll-master Inc. will either repair or replace the product free of charge.
